## OVER THE TOP TV AND VIDEO

March 01-02 2011, San Jose, CA

**First Media** is a *technology innovation company*, with a special focus on Quality of Experience (QoE) Management for multi-play service providers. Using *Subscriber Viewing Experience (SVE)* model, an intellectual property of our own, we provide a range of products and solutions for Over the top TV and Video Service Providers, Mobile TV Service Providers, Cable TV Service Providers, Satellite TV Service Providers and Broadcasters.

Our **Xpertis** family of products provide real-time, end-to-end, QoE management capability over IP based multi play network.

Our **IPrecitas™** family of products provides capability to measure, verify, and analyze video quality over broadcast/cable/DTH delivery platforms.

Our **Mapan™** family of products provide test & measurement capabilities that a multi-play service provider needs be it on field or backend.

We will be show casing our complete solutions for monitoring and management of end to end multi-screen video delivery platform. You are cordially invited to visit our booth and experience our market proven solution in Video QoE Management.
